

PLEASANT VALLEY PRESBYTERIAN CHURCH (PCA)

-=Capital Campaign Fund=-

We at Pleasant Valley Presbyterian Church (PVPCA) are excited to announce that God has blessed us with our own building. We are thankful for the basement the Lord provided for us over the past 30 years but now we are ready to spread the most reformed message that the Cleveland area has seen in decades. One of the first steps we have taken towards this new start is to take on a new name. Some of you may remember us as Westminster PCA.

The building was purchased in January and our congregation has wasted no time in announcing its presence. The building is located on a main road that thousands of cars pass on any given day. Our pastor, Rev. Jeff Fartro, was featured on a Christian radio program that was broadcast across much of northeastern Ohio. His wife, Lynn, has even gone door to door in an effort to reach out to the immediate community.

This letter is our continuing effort to reach out to all our friends in the PCA and fraternal churches to let you know what the Lord has been doing in His church. First and foremost we ask for your prayers that we would grow as a faithful congregation and be a reformed witness in the Cleveland area. Then we would like to ask for any worldly support you might be able to give, be it a donation of time or money. The former Baptist church that sold us the building was gracious to also be our banker. The agreement calls for us to pay back their loan within three years. If all the churches that receive this letter give PVPCA a gift of one thousand dollars then the building would be paid for completely! However, even a gift of two hundred dollars would be a great help.

Please use any of the means listed below to contact us and thank you for your prayers.
